Mission:

Enter Technology is dedicated to production and application of human health data, to bringing health and happiness to everyone.

產品功能--人文和科技的結合點

Product function: the combination of humanities and science and technology

高音質
high sound quality

無輻射
no radiation

遮光降噪
Shading, noise

科技含量--腦電EEG和lightning插頭

Technology content: the EEG and lightning connector

專利腦電採集電路及演算法晶片
Patent EEG acquisition circuits,
and algorithm chip

前殼
Front shell

音腔 鈷振膜
Sound chamber Cobalt diaphragm

后殼
After shell

材質設計--人文

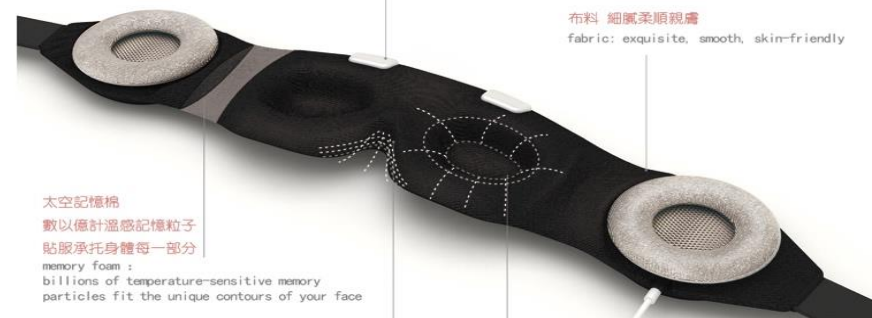

Humanities Liberal arts

3D設計
3D design

0壓感
0 pressure

360°遮光
360° light-shading

無感電極 多重工藝精製而成 打造最佳用戶體驗
insensible explores: premium product, the best user experience

布料 細膩柔順親膚
fabric: exquisite, smooth, skin-friendly

太空記憶棉
數以億計溫感記憶粒子
貼服承托身體每一部分
memory foam:
billions of temperature-sensitive memory
particles fit the unique contours of your face

無露光鼻翼
Comfort your face

解放眼部
Free your eyes

Made for
iPhone

科學午休, 讓工作效率更高
nap scientifically, work effectively

數字音頻
digital audio

舒適
comfortable

透氣
breathable

遮光
soft creamy
